COMPANY PROFILE

COMPANY OVERVIEW

SECO Company Ltd (Known as SECO) is a subsidiary of Al Othman Group in Saudi Arabia. It is a well-organized ISO 9001:2015, ISO 14001:2015, ISO 45001:2018 and ISO 17025:2017 certified company. SECO is a leading Environmental services and consultancy company in the business line of Stack Emission Monitoring, Fugitive Emission Monitoring Services, Leak Detection & Repair, Continuous Emission Monitoring Services, Relative Accuracy Test Audits, Noise Survey, Illumination Survey, Industrial Hygiene, Chemical Exposure etc. and providing consultancy services related to Environmental Impact Assessment, Permit Application Package, Risk Assessments, Environmental Permit to Operate etc.

SECO was founded in 2014 and the creation of SECO was the first step in its objective of establishing an environmental-focused service provider and related services business. SECO become key player within its first 3-Years to be known and recognized with various local and International market players to be a leading environmental services company for its remarkable and best tailored made services with key customers in the Kingdom of Saudi Arabia. The company is planned to transfer to a closed-joint-stock company under the Laws of Saudi Arabia to take part and contributes the efforts with the planned growth of the economy to align the progress with Saudi Vision 2030.

We enjoy delivering complete environmental services to major petrochemical companies, Government & Semi Government entities, municipalities, private industries and companies in the Saudi Arabia.

Chairman's MESSAGE

Othman Ahmed Al Othman

In today's rapidly changing world, it is imperative that businesses not only strive for success, but also take responsibility for the impact they have on the environment and society. At Sustainable Environment Company, we have always recognized this responsibility and made it our top priority. We firmly believe in the power of sustainable practices and their ability to drive positive change. Our commitment to the environment extends across all aspects of our operations, Environmental preservation is not just a corporate goal for us; it is a core value that drives our decision-making and guides our day-to-day actions. We are dedicated to promoting a culture of environmental awareness and accountability within our organization and among our partners and customers. Our strategy is to maximize our profitability in our services and operations by continuing to develop opportunities for expansion, asset upgrading, investing in highly international with local expertise management team.

However, we understand that our efforts alone are not enough. It is only through collaboration and partnership , with other businesses, governments, and individuals , that we can truly address the challenges posed by climate change and environmental degradation. To that end, we actively seek opportunities to engage in meaningful dialogue, exchange ideas, and collaborate with like-minded organizations and individuals who share our vision for a sustainable future. We are always open to exploring new partnerships and innovative approaches that will help us achieve our environmental goals.

We extend our sincere gratitude to our clients, partners, and employees for their unwavering support and dedication to our shared mission. Together, we are making a tangible impact on the environment, and we look forward to continuing this journey of environmental stewardship in the years to come.

Thank you, We appreciate your support and look forward to working with you towards a cleaner and healthier environment.

OUR VISION

To be the Superior Environmental Service provider in Saudi Arabia & GCC Region.

OUR MISSION

To achieve stakeholder expectations through a professional team who can provide exceptional and reliable services in the field of consultancy, training and air monitoring. To contribute by supporting community in the field of responsible care, sustainability & protecting natural resources.

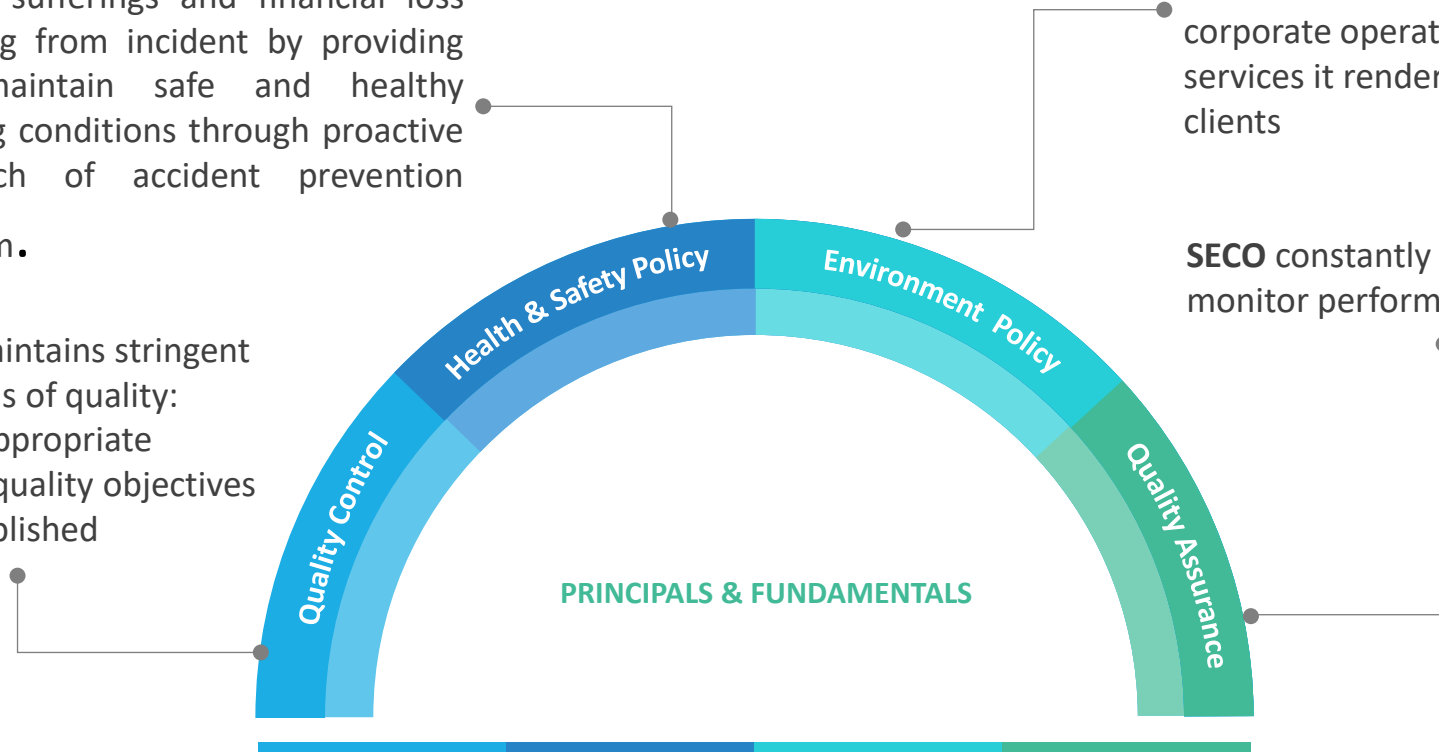

COMPANY QUALITY & SAFETY POLICIES

SECO is committed to protect all its employees, resources, Subcontractors and all other interested parties from human sufferings and financial loss resulting from incident by providing and maintain safe and healthy working conditions through proactive approach of accident prevention program.

SECO maintains stringent standards of quality: where appropriate specific quality objectives are established

SECO is committed to achieving environment excellence in both, its corporate operations and the services it renders to its clients

SECO constantly monitor performance

SECO aim to give best services to our client & end user to fulfill their contractual requirements to their utmost satisfaction."

Company Organization

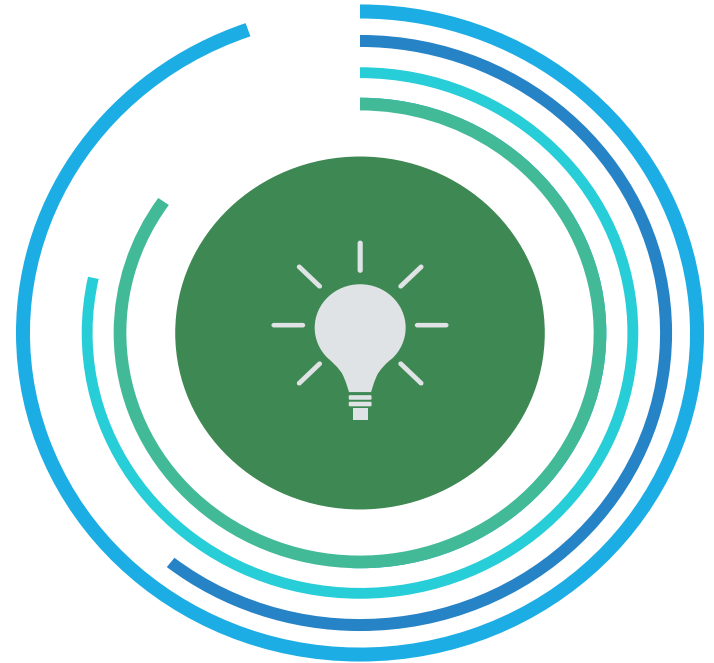

ORGANIZATIONAL CHART (OC)

SECO TEAMWORK

Teamwork makes the dreamwork is a phrase you've probably heard, but sometimes it's elusive. If you've ever worked in a team that really clicks, you'll know how true it is. A high functioning team can achieve incredible results – not just incrementally better, but perhaps 10x those of an average team. But more than that, a great team is a pleasure to work with. In fact, work becomes motivating, fun and incredibly rewarding when you're surrounded by a dream-team.

Support Services Manager

Subject: RENEWAL OF RCY ACCEPTANCE AS A THIRD PARTY TO CONDUCT NOISE, FUGITIVE EMISSIONS, STACK TESTING - SEC

Reference: Business Center Request #21/001.24/002.21/005 dated 12 May 2023

Dear Eng. Riyas,

The Royal Commission Yanbu's Environmental Protection and Control Department (RCY-EPCC) has reviewed the above reference submission and finds it satisfactory. In this regard, registration of SUSTAINABLE ENVIRONMENT COMPANY (SEC) is hereby renewed to conduct Noise, Fugitive Emissions and Stack Testing Services in Yanbu Industrial City (YIC).

This approval is valid for a duration of Two (2) Years from the date of this letter i.e. 01 July 2023 and is subject to compliance with following conditions:

- The renewed National Center for Environmental Compliance (NCEC) certificate is provided to SEC-EPCC within 30 days of expiry.
- The level of service provided by SEC continues to meet that expected by a competent regulatory authority.
- Upon notification from RCY-EPCC about updates to the Royal Commission's Environmental Regulations (RCER), SEC commits to respond to its renewal application as needed.

RC Yanbu Certificate

RCY-EPCC looks forward to SEC to continue delivering the highest quality services with utmost integrity.

Regards,

Dr. Hussein Yahya A-Fadhl
